

Most XEs worked during ARRL 10 meter contest
Preliminary report - December 18, 2010 - Grupo DXXE

This is a preliminary report of some of the stations that worked more unique XE stations stations during the ARRL 10 meter contest and provided information. It may contain errors and busted calls.

Without too much analysis we can see that the impressive number of Mexican stations that got on the air. So far we find nearly 100 unique calls and 26 out of 32 Mexican states. XE stations without contacts has been reported by someone else.

XE stations on bold are the ones showing up on more of the logs included here.

We want to prepare a detailed report on it so more stations can work us next year and we can promote the contest further in Mexico. If you worked many XE stations, worked others not on this list send us the information (xe1kk@dxxe.org).
